On January 25th, the 10th TFG student ambassador selection and winter training camp started. The training camp is not only for the sophomores to understand the school better but also to clearly know the daily life, characteristics, and required abilities of TFG student ambassadors.

In the first class, Ambassador Zhu Yufeng told the students about her experience of being a diplomat. In addition, she encouraged the students to face challenges bravely and seize every opportunity. We believe that all the students benefited a lot from the course.

Then, there was a lesson of oral expression and briefing tips given by teacher Chen Liming. The students used body language and practiced Chinese pronunciation in groups. In the afternoon, Mr. Cai Weiqun introduced the history of TFG to the students, so that the sophomores could have a deeper understanding of the changes of TFG. Finally, the 9th TFG student ambassadors gave the trainees a campus tour, wrapping up the first day. The students were all rewarding and looking forward to the next day's course.

In the morning on the second day of the camp, teacher Xie Zhijie explained English speaking and communication skills to the students. The teacher's vivid and interesting courses attracted the attention of the students. The last class was lectured by teacher Jiang Liyu and alumna Wu Yiting. Alumna Wu Yiting shared her own experience and some practical examples of problems or situations they might encounter when they become student ambassadors. The teacher also asked the students to practice reception etiquette in the course.

In the afternoon, the 9th student ambassadors gave the trainees a presentation introducing TFG in Chinese, English, and Japanese. Their smiles and outstanding abilities gave the sophomore students a goal and an anticipation of becoming as professional as the 9th student ambassadors. After the presentation, everyone played a Role-Playing Game designed by the 9th student ambassadors, which enhanced the friendships between the sophomore students and the juniors.

The two-day training camp quickly came to an end. At the end of the course, principal Chen Zhiyuan and secretary Chen Yifen issued certificates of completion to the sophomore students. We believe the trainees were all rewarded. Finally, we wished the sophomore students a smooth selection.
